MEDICINAL.

Narrow Chests.

The old theory that consumption was inherited is utterly discredited by modern medical science. The germs of consumption must be received from without. These germs are everywhere. They are constantly being received and cast out by the healthy system. It is the narrow chested whose inheritance is weakness who fall a prey to consumption because they are too weak of lung to resist and throw off disease.

Doctor Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate deep-seated coughs, bleeding lungs, weakness, emaciation and other conditions which if neglected or unskillfully treated find a fatal termination in consumption.

\$3,000 FORTUIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"In the spring of 1900 I was taken with hemorrhage of the lungs, and became very weak and short of breath, lost flesh and had no appetite," writes Mr. E. L. Robinson of Xerxes, Tenn. "I was persuaded to try Dr. Pierce's Golden Medical Discovery. The first few bottles seemed to do me but little good. Thought I would soon be a victim of that dreaded disease, consumption. Had almost given up in despair when my friends persuaded me to give up 'Golden Medical Discovery' a fair trial. I commenced its use. I weigh 160 pounds now, and when I commenced I only weighed 140 pounds. If any one doubts this statement I will be pleased to answer any inquiry."

Accept no substitute for "Golden Medical Discovery." Nothing is "just as good."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from impurities.

THE LEGISLATURE.

SENATE.

The Senate yesterday took up the general primary bill and, after several amendments, ordered it engrossed. An amendment offered by Mr. Gold, making the precinct, instead of the county, the unit in the selection of delegates to nominating conventions was first defeated and then adopted, together with a large number of consequential amendments. The most important provision of this bill is that the vote in each county, or, as amended, each precinct, shall control the course of the delegates chosen. In contests for United States Senator each county will instruct its representatives how to vote, and in nominating conventions for other offices the county, or precinct, will instruct its delegates.

Senator Chapman introduced a bill to checkmate the surety companies, which, he stated, advanced their rates from 50 to 75 per cent, as soon as the law was passed requiring county officers to give surety bonds. Mr. Chapman's bill restores the privilege of giving personal bonds, and the bill is likely to pass.

The Senate adopted double daily sessions, and the prospect of adjournment before Christmas is fair.

The House, as stated yesterday, refused to adopt a resolution to adjourn finally December 23, but adopted one providing for continuous sessions, except for meal hours, from 10 a. m. to 11 p. m. until the business is completed. A motion by Mr. Stearns to publish absences in the daily papers was laid on the table.

The House discussed at length the social club law and amended it so that clubs chartered before April 16, 1903, shall come under the provisions of the act. Mr. Catton offered an amendment which was adopted allowing cities and towns to impose license tax not exceeding \$350 on social clubs selling liquor. Mr. Folkes made a vigorous argument against the bill, and it was defeated. A motion to reconsider was passed by.

At the afternoon session Mr. West made a strong appeal for his bill providing for an additional normal school for whites. The House adjourned before action was taken. The indications are that the bill will be defeated.

The bill in regard to county officers was so amended as to require the boards of supervisors to meet in regular session in January and July and to allow them to hold as many special sessions as may be found necessary.

The House discharged the committee for courts of justice from the further consideration of the bill, designed to curb trusts.

Delegate Boaz offered a resolution, which was adopted, asking the opinion of the attorney general as to whether the present treasurers have the authority to complete the collection of taxes for the present year, and if so, what effect this will have upon their bondsmen.

Mr. Jennings introduced a bill to allow foundries to purchase scrap iron without paying a junk dealer's license, and Mr. Branch offered one to permit the purchase of certain land by Isle of Wight county for county purposes.

The State Board of Fisheries will make its report to the General Assembly today. The report will show a net revenue to the State of \$50,435, an increase of about 20 per cent. over the preceding year. The report will be presented just at the time when the bill for breaking the Baylor survey is to be considered in the Senate. The Fisheries Board has recommended the breaking of the survey.

TRIED TO LYNCH HIM.—A lynching was threatened at West Point, Va. Saturday night, and the man who aroused the citizens to a state of frenzy is now safely lodged in Hanover jail. His name is John Clements, a negro of the town. George Hobough, a well-known dairyman of the vicinity, is in a hospital here with a wound in his hip from shots fired by the negro.

On the street Saturday night the negro made an offensive remark to Mr. Hobough, who knocked the negro down. Mr. Hobough, having completed his business, was on the way to his wagon to drive home, when the negro overtook him with a pistol. Mr. Hobough retreated, and the pistol was snapped several times without going off. The negro followed closely, and when Mr. Hobough had nearly reached shelter the negro fired two shots, one penetrating the liver. The negro then ran.

The white population pursued and caught the negro some distance out of town, and had a rope around his neck, but the coolness of a few steady heads prevailed, and the negro was turned over to the officers. He was taken to King William Court house, but the news of the affair created so much feeling there, where Mr. Hobough was well known, that yesterday the negro was taken to the adjoining county of Hanover.

The best at one-half price

It takes five of the ordinary "quarts" to make a gallon, but a HAYNER QUART is a full quart, an honest quart of 32 ounces, four to the gallon. Now, you pay your dealer at least \$1.25 a bottle for whiskey that cannot possibly be any better than HAYNER. If you save at least \$1.25 on every good, or \$4.25 a gallon. If you buy HAYNER WHISKEY you save at least \$1.25 on every good, or \$4.25 a gallon. We sell two gallons for about the same as you pay for one gallon of probably poorer quality. Just think that over and remember that HAYNER WHISKEY goes direct from the distillery to you, carries a UNITED STATES REGISTERED DISTILLER'S GUARANTEE of PURITY and AGE and saves you the dealers' enormous profits. That's why it's so good and so cheap. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.
